

Community Supervision Officer Communication

Newpoint Partnership Inc

File: CB CSO Communication.docx

11/15/2021

Newpoint Partnership maintains a strong relationship with the Community Supervision Officers (CSO) of the residents of Newpoint House. Newpoint Partnership communicates with the CSO for prospective residents of Newpoint House and complies with the level of reporting requested by the CSO.

In addition to the above, the following situations will be promptly communicated to a resident's CSO:

- 1) A positive drug screen
- 2) A breathalyzer alcohol reading greater than 0.01
- 3) Any event or resident action that places a resident's graduation from the Newpoint Partnership Program in doubt.
- 4) Termination from the Newpoint Partnership Program

I understand the above CSO communication policy and agree to it.
